I had to cancel the photo shoot and they were very understanding. Going to reschedule next month.

Dena,

Thank you of the nice review! I'm so sorry you had to cancel, especially for the reason of illness. I hope your daughter recovers fast. My partner, Magee is just getting over the flu herself, so we know what it's all about.

We haven't had the photo shoot yet, but very responsive from when I first inquired & answered all my questions. He also showed excitement in the challenge of the job (19 adults 1 child for family portrait), which proves he loves what he does & has a passion and he also has very good ratings **!!** Our most important

picture we will be doing that we have not done in 43 yrs, which I have attached. This will be the last time that all six of us six kids, along with my Mom (81) & Dad (83) will be together again!! We will be in same positions as in the old photo. Photo shoot is not until Sept if 2017.

Cheryl,

Thank you for the awesome review! My partner and I are looking forward to doing your family photo shoot as much as you are. This will be a very special event.

4/5 Stars Headshot Photography

David did my corporate headshots over a year ago. Pics came out just fine. He was professional, and his wife was sweet and helpful. Only thing is I wish I had known up front that his studio is in the basement of his home. I can't lie, it was creepy. But I went with it because his previous reviews at that time were positive. Looking back, I wasn't very smart about the situation.

I do appreciate that David asked if he could use my pics for marketing purposes. Some photographers don't bother asking. Now that I know what to expect, I'd surely hire him again if needed.”

Tiffany M. on May 27, 2016

Tiffany,

Thank you for the review. I appreciate your feedback. The basement is admittedly a work in progress, but has come a long way since you were here (almost 2 years ago). The studio itself has also been upgraded.

I would love to work with you again. We can also come to your location of choice.

*Thanks Again,
Dave & Magee*

Dave and his assistant did an outstanding job with our family
photos, both at the photo shoot and at the computer. It just does
not get any better than perfection. We are so glad we went with

Dave Levin at MagicStar Photography did an outstanding job of restoring a photo that was over 50 years old and in bad condition. He is diligent and patient and was not satisfied until I was satisfied!

He also did a photo session with me and we had excellent results. He was professional from the start and again patient. I could not have been more pleased with the session and the photos. I highly recommend MagicStar Photography.

When I arrived at the location to my surprise Dave came out of this house which I was expecting it to be a studio also when he came out his belt was unbuckled leaving me to feel very uncomfortable when I asked where is his studio he replied in his basement I hurried up got back in my car and drove off as fast as I could everything about the whole incident felt extremely weird thank God I never went inside of his house god knows what would have happened to me and my child!.....not seeing his work is not good I never found out was it good or not but the whole incident just seemed weird and unprofessional to me so just beware!

I am horribly confused by your reaction and review. First, I assumed you knew my studio was in my home, based on the fact that I asked you on the phone "Do you know how to get to my house?" More importantly, this bit about my belt being unbuckled is just not so. My assistant, a women surely would have pointed that out to me. You never entered the building. I am sorry that whatever you perceived here freaked you out, but to say you have never seen my work when in fact you have looked at my website, tells me that you are just trying to hurt me. I would like to think you will revise or remove this review.

Dave restored some family photos, some of which were very damaged. He did a great job and was very accomodating in meeting in a convenient location. He was also very willing to redo prints that weren't quite how I wanted them. He will make sure you are happy with his work!

Dave and Magee were punctual, courteous and kind. They allowed us to take our time, which is a great thing when you have two children age 2 or younger. They were extremely patient when our 2 year old was reaching her limit. The turnaround time

between when the photos were taken and hand delivered was great also.

I didn't know it was a home studio but right away Dave made me feel at ease and welcome. He along with his wife were great hosts and kept me laughing through my photo shoot. We got some great shots that I can use for headshots and for my mime ministry. Thanks Dave for a delightful experience, I would recommend MagicStar Photography to anyone that wants to get some great shots and not feel pressed for time, because sometimes it takes

people more than 30 minutes to loosen up and get the shots that really count.

Dave has taken wonderful photographs of Babette and I as well as our dog Lucy!! These were taken in his fully equipped easy access drive up studio! Daves photos of us conveyed our personalities in multiple locations including hanging on the wall, and in Social Media!

Dave has also added value to my extended family by successfully enlarging a 1920 era photo so that we feel these persons are still here with us, and can see how their characteristics are being carried on through us, their ancestors!! I hope that Dave does even more photography for others, and especially for those needing family portraits, sports photography, and photo restoration!!!
